1. Tom, Kevin, Ron, Amy and Mike are on site.
2. Kevin wacked weeds around the dorm and cabin.
3. We decommissioned the mini skip bucket and reassembled the wheelbarrow.
4. We continued scraping and sweeping the floor in preparation for painting.
5. Tom got the big jackhammer back from KP in order to start excavation of the cable troughs.
6. We cleaned up a bad mouse mess under the water-pipe step-plate that had been stinking up the control room.
7. Tom took the red pallet jack downtown.
8. Our 3/4-inch ratchet has also gone downtown.
